ENTRY FOR THE LOG

25X1

SUBJECT: Taxes - [REDACTED]

25X1

1. A net worth assessment has recently been made for tax purposes on Mr. [REDACTED] income during the period of his employment with the Agency. Following protest, a hearing is now being held before an arbiter, and a member of this office recently discussed the case with the Internal Revenue agent making the investigation. We offered, for the Agency, to provide whatever assistance we could in identification of specific items in dispute. We also indicated our concern if relationship with the Agency appeared to present a security hazard. (We were assured that, so far, there was no such indication.) Two years ago we informed the Bureau of the actual amount of salary paid and tax withheld for the period of employment in question. At the present time no further information is required by the Bureau.
